

## IMPORTANT INFORMATION REGARDING COVID-19

The Vertigo Centre and Maximum Rehab Physical Therapy Center

### **WE ARE OPEN**

Pennsylvania Governor Tom Wolf has deemed Physical Therapy an essential healthcare service amid the COVID-19 pandemic. While we remain open, we are enacting all protocols and precautions set forth by the CDC.

Our routine cleaning standards in the clinic already meet CDC guidelines however, we are taking extra safety measures to clean and disinfect everything. All employees and patients are screened daily for symptoms of COVID-19. Anyone exhibiting symptoms will be asked to return home and contact their physician. Ongoing hand washing and all necessary provisions are reinforced regularly.

### **GOOD NEWS**

**We are now offering tele-rehab medicine for those patients who do not feel comfortable with on-site therapy at this time. It's easy and efficient. Just call and ask to schedule an appointment.**

We encourage everyone to stay safe and abide by the social-distancing guidelines to help contain and prevent the spread of COVID-19.

We will all get through this together.

Stay Safe!

Dr. Maureen O'Leary, DPT
